Special Note:

All patrons 14 and under who want to swim in the middle and deep end of the pool must pass a swim test. The swim test consists of a 25-yard freestyle swim, with over arm recovery and rhythmic breathing. The patrons will then float on their back or tread water for 1 minute nonstop. The patron may not take a break at any time. Once the child passes the swim test, he/she will be given a swim license that needs to be presented to the front desk staff each time they come to swim. If the child does not pass the swim test, anyone 7-14 years old must stay in the shallow end of the pool.

If anyone 6 and under does not pass the test, they must have an adult in the water within arm's reach at all times or they will not be permitted to enter the water. There is a maximum of 4 kids/adult. Children 8 and under must have an adult present in the facility at all times. Please remind your chaperones of this before entering the pool.

Life jackets are available for public use at the pool entrance. Please have chaperones assist non-swimmers with proper fit and securing of straps. **Any children wearing a lifejacket must have an adult within arm's reach at all times.**
